

CALIFORNIA DEPARTMENT OF
FOOD & AGRICULTURE

Karen Ross, Secretary

January 27, 2021
Renewed

Permit No. QC 1266

PERMIT FOR THE SHIPMENT OF BEANS FROM OHIO TO CALIFORNIA

Under authority of Section 3154 (Secretary May Issue Special Permits) and Section 3263 (European Corn Borer Exterior Quarantine), Title 3, California Code of Regulations, permission is granted to the Ohio Department of Agriculture (ODA) to authorize Apio Inc. to ship untreated beans in the pod grown in Ohio to California subject to the conditions of this permit.

The ODA shall ensure that the following conditions are met:

1. Trapping:

- a. Traps shall be deployed at flower bud formation and remain through harvest.
- b. Traps shall be inspected weekly by ODA personnel.
- c. For fields of 50 acres or less, four traps (two with IA and two with NY pheromone) shall be deployed with one of each pheromone on an opposite corner of the field.
- d. For fields of more than 50 acres, eight traps (four with IAA and four with NY pheromone) shall be deployed with one of each pheromone on the perimeter of each side of the field.
- e. If two or more European corn borer moths are trapped in a one-week period, beans from that field will not be eligible for certification to California for the remainder of the growing season.

1. Treatment:

- a. Treatments shall consist of one foliar application of DuPont™ Warrior II or generic equivalent at Max label rate per acre, followed by subsequent applications of either; Asana®, Lannate®LV, Radiant®SC, Brigadier® 2EC, Intrepid®, Hero®, Mustang® Maxx., Capture or Brigade at label rates so as to give continuous coverage until harvest.

2. Recordkeeping:

- a. The grower shall maintain records listing the dates of pesticide application and the names of the pesticide(s).
- b. Prior to shipment ODA personnel shall ensure that continuous coverage was maintained by the grower.

3. Inspection:

- a. Inspection of beans shall be made weekly by ODA personnel.
- b. The detection of one live European corn borer larvae will make that shipment and others from that field ineligible for certification for the remainder of the growing season.

4. Miscellaneous Conditions:

- a. This office shall be notified immediately by ODA when any fields have become ineligible for shipment under this permit due to European corn borer trap finds or larval finds during inspection. All shipping shall be immediately suspended from that field.
- b. Each shipment shall be accompanied by a certificate issued by an authorized ODA agricultural official confirming that the shipment is free from European corn borer and that the shipment, "meets the requirements of Permit No. QC 1266 for European Corn Borer."
- c. The certificate shall also provide the name and address of the shipper and consignee as well as the quantity of beans in the shipment.
- d. All shipments shall be subject to inspection upon arrival in California.
- e. Curation Foods, Inc. shall be liable for inspection costs at destination. Inspection costs are directly payable to the Commissioner.

Violation of, or inability to meet, any of the conditions of this permit or the detection of any live serious plant pest in a shipment authorized under this permit, shall be sufficient cause for the immediate revocation of the permit and destruction of the plant material or return of the plant material to origin at the expense of the shipper.

Unless earlier revoked, this permit is valid through January 31, 2022.
